

Hi from [www.angling-news.co.uk](http://www.angling-news.co.uk)

We at [www.angling-news.co.uk](http://www.angling-news.co.uk) are in the process of revising and restructuring our website. Having been a main leader and a source of information for Anglers since 1997 we are in the fortunate situation of having a high ranking position on the Worlds internet Search Engines. With an average visit rate of between 200-400 anglers daily who are looking for information and possibly in turn; a visit to your website.

We at [angling-news.co.uk](http://angling-news.co.uk) would like to offer you a free listing within our links pages;

Plus the opportunity to place your banner profile on the main pages; either a side tower or a landscape banner including a hyperlink to your website: To help fund this project would only cost you 75p per week which is about 10p per day considerably cheaper than Google pay per click and other internet based advertising media. (Minimum contract 12 months i.e. £39)

See example of Adds
